Code Descriptions

GENE	A course with this course code is a course in the General Education Core Curriculum.
COMM	A course with this course code satisfies the Area I: Communications requirement of the General Education Core Curriculum. The course contains an oral or written communication component that is designed to provide <u>knowledge and training related to communication and presentation skills.</u>
CULD	A course with this course code will fulfill the Cultural Diversity requirement to complete a Bachelor's degree.
GRW	A course with this course code satisfies the Gordon Rule requirement and has at least 60% of the overall course grade comprised of multiple assignments demonstrating college level writing. The course does not necessarily need to be in the General Education Core Curriculum.
HUMN	A course with this course code satisfies the Area II: Humanities requirement of the General Education Core Curriculum.
SBEH	A course with this course code satisfies the Area III: Social & Behavioral Sciences requirement of the General Education Core Curriculum.
GRMT	A course with this course code satisfies the Area IV: Mathematics requirement of the General Education Core Curriculum.
NATS	A course with this course code satisfies the Area V: Natural Sciences requirement of the General Education Core Curriculum.
