Background/References

Florida Statue 1010.03 Delinquent Accounts permits the District Board of Trustees to charge off delinquent accounts. Even then, holds will be maintained on students' records to prohibit students from registering for future classes or release of transcripts, until amounts due to the College are paid.

Description

The College has an agreement with Conserve and Williams and Fudge collection agencies on past-due accounts. The attached Accounts Receivable list includes: returned checks, outstanding fee deferments, Pell repayments, and Return to Title IV repayments for a total write-off of \$120,645.62. The largest amount comes from Pell repayments and Return to Title IV loan repayments totaling \$58,864.24 (48.8%). The next largest delinquent accounts are from Tuition and Fees totaling \$56,989.58 (47.2%). For FY2021-2022*, total revenue from tuition and fees was \$9,359,418.30 therefore the \$120,645.62 in write-offs represents only 1.3% of total tuition and fees that were due for that fiscal year.

A total of \$10,283.05 or 7.8% was collected during the 2023-2024 fiscal year against the previous bad debt expense.

The collection agencies automatically list past due uncollected accounts with TRW Credit Bureau, Trans Union Credit and Equifax, Inc. National Credit Bureau.

*Accounts are written off as bad debt or uncollectible two years after they become due.

Recommendation

Motion to approve the write-off of uncollectable accounts as written.

Career Pathways Agreements Compliance Agenda Item: 0524-08

Background/References

Section 1007.233, Florida Statutes, requires Florida College System (FCS) institutions to submit a regional career pathways agreement for each certificate program offered by the district career center(s) in its service area that is aligned with an associate degree offered by the FCS institution(s) by May 1, 2024.

Description

The District Board of Trustees previously approved regional career pathways agreements effective July 1, 2023 through June 30, 2026

Based on these agreements, the College has fulfilled the statutory submission requirement for the 2023-2024 academic year.

Recommendation

This item is for informational purposes only.

Agenda Item: 0524-09

Background/References

Per Florida Statute 1001.43, each Board of Trustees has responsibility for compliance with state and federal laws, rules, regulations, and requirements.

The purpose of a Compliance Survey is to ensure that approved programs are compliant with all applicable provisions of Title 38, United States Code (USC) § 3693 administered by VA.

Description

The Department of Veterans Affairs recently conducted a compliance survey of the College on April 18, 2024. The survey included a sample of our students who received VA benefits through LSSC to evaluate practices and student account details.

The Compliance Survey resulted in no discrepancies or findings. The survey findings were previously sent to the District Board of Trustees via email.

- Human Resources has worked together to review the LSSC Assessment Goals set in 2022-2023 and also polished the goals and provided evidence for our goals for 2023-2024.
- Collaborating with departments in developing a comprehensive recruitment plan for Summer 2024.

Professional and Organizational Development Deborah Snellen, Executive Director

- Launched a revised and realigned performance appraisal program for staff. Competencies were revised to align with core values and productivity is now appropriately rated at 50% of the total score. This change allows staff performance appraisal program to be a key component of the overall performance management program to ensure the College is identifying and investing in internal talent
- Launched a revised and realigned 90-day performance appraisal document for full time staff new hires, promotions, and transfers. This document is a simplified version of the staff annual appraisal, thereby creating better alignment between the two appraisal programs.
- Held the final activity for our chapter of the ACE Women's Network, an event presented by a member
 of our faculty that celebrated innovation and professional development in the area of creativity as
 members of the College team explored their propensity to be creative though a new way of
 expressing viewpoints.
- The AI Taskforce drafted a proposed set of guidelines that are malleable enough to accommodate future innovation while also structured enough to protect privacy and data at the College.
- Completed the final session of First Year Faculty Experience and saw 24 first and second-year faculty present their project outlines as they continue to prepare for continuing contract.
- Planning for faculty professional development in 2024-25 with the theme of "Engaging Our Students by Understanding Our Students".

• The LSSC Math department held the 37th annual Mathlympics event Friday, April 5, 2024 on the LSSC Leesburg Campus. 104 high school students from 14 Lake County and Sumter County schools competed. This annual event brings many students, teachers, and other community members to our campus.

Student & Learning Success

- Biology professor Raymond Wright provided a unique ability for faculty and students to safely view the solar eclipse using a sun-spotter device the week of April 8 outside of Leesburg Science-Math building.
- Honors student, Iratze Rodriguez Jauregui mentored Dean Steve Clark finished their semester project analyzing blood spatter patterns. The experiment was set up with two principal components: the impactor (blue cylinder) sitting on top of the base (while cylinder). Very simply a blood sample was placed on the white base component, the blue impactor was drawn up 1m and let fall. Surrounding this was an apparatus to collect the spattering of blood on various materials. Both impactors were designed and manufactured utilizing LSSC software and 3D printer under the instruction and guidance of Wes Redman to which is owed a great deal of appreciation. Ms. Rodriguez Jauregui hopes to work in forensic pathology someday. Her project was as fascinating to me as it was to her and I think we both had fun. I know I learned far more about how blood splatters at a murder scene than I ever anticipated I would in my life.
- Honors student Elan Barrett received the Lakehawk Academic Excellence Award, and Honors student Jeremy Scouten was honored with the award for Future Leader of the Profession.
- Former Honors Program student and current Stetson student, Stephen Bratcher Following an
 intense interview process and rigorous competition, Stephen was selected from hundreds of
 nominees nationwide to join the Governmental Accounting Standards Boards (GASB) as a
 Postgraduate Technical Assistant where he will have an opportunity to directly influence
 accounting standards that are followed by thousands of governmental entities across the nation
 and contribute to meaningful change.

Learning & Work Environment

- The Natural Sciences biology faculty hosted the UCF Biology Curriculum Alignment Meeting on Friday, April 19, 2024, on the LSSC South Lake Campus. There were approximately 20 attendees and the issues of discussion included revisiting learning outcomes and highlighting resources for the General Biology II w/Lab (BSC x011C) course, the effect of modality modes on enrollment and student success, and of course, AI in the biology classroom and lab.
- Honors Program Coordinator Amber Karlins received the NISOD (National Institute for Staff and Organizational Development) Excellence Award for her work with the honors program.
- Faculty donated items for a basket for the Foundation Gala Silent Auction. The basket theme was 'See you in September' and contained items for enjoying a summer break. Thank you to all the faculty that contributed towards the basket and thank you to Dr. Michele Rudden, Asst. Prof. English and History for organizing and arranging the basket.
- Speech Faculty led by Assoc. Prof. Heather Elmatti and Asst. Prof. Toni Upchurch held open mic
 poetry events this month on the Leesburg campus on Wednesday, April 3rd and at South Lake on
 Thursday, April 4th and a Black Out Poetry event was held on April 30th in honor of National
 Poetry Month.

Enrollment & Student Affairs Division Update for the President and Board of Trustees May 15, 2024

Dr. Joseph Mews, Vice President of Enrollment & Student Affairs

Enrollment Summary

As of May 6, the first day of the summer semester, Summer 2024 enrollment stands at 2,729 headcount in our credit programs, an increase of 23.1% (+512) compared to this time last year. This total represents a record high for a summer semester, surpassing our previous high of 2,590 from 2010. Fall 2024 enrollment stands at 1,815 headcount, trending ahead of last year by 14.4% (+228). Facilities Planning and Operations Division Update for the President and District Board of Trustees May 15, 2024

Thom Kieft, Vice President, Facilities Planning and Operations

Learning & Work Environment

Leesburg Campus

- The Faculty Office Building and Lecture Hall Building have been razed. This project was completed successfully and the team's focus is now on the razing and modifications of the Liberal Arts Building.
- Faden Builders and Paquette Paving started the refurbishment of Parking Lot B near the Student Services Building and Williams-Johnson Bldg. The project is on track to date and plans to be completed by June 3.
- WELBRO held a bid opening for the subcontractor proposals for the 2nd floor of the Student Services Bldg. WELBRO has submitted a guaranteed maximum price for the demolition and build-out of the 2nd floor. This project has a tentative start date on the first week of June upon completion of the Parking Lot B resurfacing.
- A section of the Facilities Bldg. parking lot has been reconfigured and resurfaced by Chick-fila. Beginning Thursday, April 25, customers and employees have started to use the lot during their business hours.

Sumter Center

 RCP Shelters and Faden Builders have provided LSSC with a concept rendering for the Sumter Pavilion which will be a large covered area having two restrooms, a drinking fountain, and a storage room with an ice machine. Faden is obtaining quotes for site development, concrete, plumbing, and electrical work, then they will provide LSSC a guaranteed maximum price.

South Lake Campus

- LSSC staff is obtaining bids for resurfacing of the outdoor basketball court and finishing the slab where the green shed was located behind Bldg. 2.
- The RFQ 24-02 South Lake Campus Master Plan architect selection has concluded and the Board Chair Jones, President Bigard, and VP Kieft have met with the architect team. Jacobs Engineering/DPZ has submitted a proposal for President Bigard and the Board of Trustees to review.

- The 2024 Annual Campaign has come to a close! We raised \$52,790 on behalf of faculty and staff, which accounts for 60% of employee giving, and we've received \$162,975 from community members for a current total raised of \$215,765.
- The LSSC Foundation awarded \$300,000 in scholarships to 510 students for the summer semester. The total award amount for the 2023-2024 Academic Year is \$1,250,000 to more than 2,100 students. This represents an increase of 18% in dollars awarded.
- The 2024 Gala was held at the Brownwood Hotel and Spa on Friday, April 12, 2024. The event raised \$300,500 and was sold out two months in advance of the event. We appreciate your support! Thank you to Ernie Morris Enterprises for serving as the presenting sponsor for 23 years.
- Director of Alumni, Jannice Pantoja celebrated with the new alum at both Commencement Ceremonies by handing out LSSC Alumni gifts.
- Charles & Mary McLin Trust the Foundation submitted a grant for \$50,000 to support student scholarships in the Digital Media Certificate program starting in the Fall.
- **Perkins Grant** the College submitted a grant for \$134,000 for workforce programs.

Workforce Development

- Lakehawk Career Connect continues to increase in the number of employers seeking to hire LSSC students. There are currently 297 active job postings representing 731 employers. We continue to see an increase in student application activity.
- Internships Forty-one students are engaged in internships or micro-internships for the Summer semester.

FINANCIAL SERVICES DIVISION Update for the President and Board of Trustees May 15, 2024

Michelle Matis, Vice President, Finance and Chief Financial Officer

Learning and Work Environment:

- Collaborated with the different divisions of the College to develop a draft of the operating budget for FY25.
- Accounting staff continues to work with the state auditors to complete the operational audit which is expected to finish in June. Florida Statute 11.45 requires the Auditor General to conduct an operational audit of the college at least once every 3 years.
- Financial Services Division is working on setting priorities for next fiscal year which will focus on improving efficiencies and cross training.
- Attended Capital Improvement Projects Workshop April 4-5 at Valencia College.
- Participated in meetings with representatives from the State Department of Management Services which is responsible for state group health insurance administration. A timeline for getting FCS employees enrolled in the state group health insurance plan by Jan 1, 2025 was shared. Coordination between IT, Finance, and Human Resources will be necessary.

Student Learning and Success:

 Working with current bookstore vendor and new recommended vendor on the course materials transition. The stores at Leesburg and South Lake will transition to being managed by the College. Students will also work at the stores, giving them valuable realworld experience.

Technology Innovation Division Report for the President and District Board of Trustees May 15th, 2024 Nick Kemp, Vice President of Technology Innovation/CIO

Learning and Work Environment

- Process Improvement & Institutional Research has successfully piloted a cost-effective project
 management software called Smartsheet and is now implementing it across the organization.
 Smartsheet automates numerous follow-up tasks, ensuring projects are completed efficiently. Since
 its introduction, PIIR has observed notable enhancements in communication and feedback among
 team members. The continued use of Smartsheet will boost productivity not only within the TI
 departments but also throughout the college.
- In Year 1 of the Strategic Plan, over 60 projects were accounted for. A year-one wrap-up was hosted, and an exercise was facilitated to begin generating projects for year two. With the help of Smartsheet, greater accountability was achieved for every project and insights were provided relating to KPIs and resource allocations.
- It is time for the annual review of employee access to systems. Data owners at the college have received Banner Access Employee Review files, which contain a list of all employees with access to screens under each department's purview. Data owners are responsible for informing Enterprise Systems of any access revocations. This must be completed by the end of May to comply with State Auditors.
- The integration of Ocelot, Lake-Sumter's chatbot designed to provide personalized support and assistance to students throughout their academic journey using AI and natural language processing, with the ERP system Ellucian Banner has begun. This integration can support a modern and personalized student experience, as well as help reduce manual data entry, duplication of work, and wasted time.
- Argos is an institutional reporting tool that delivers insights that the college needs to make timely, informed decisions. Since its implementation, over 135 dashboards have been published. Almost 100 users at the college are utilizing the tool and there are over 200 automated schedules that provide end users with reports such as the Daily Enrollment Report. Argos is used by various departments including Academics, Athletics, Cabinet, Finance, Financial Aid, Foundation, Human Resources, Math Emporium, and Student Services. Currently, there are 27 additional reports that are in development.
- Improvements have been made to expedite the creation of student accounts post-admissions application acceptance. Currently, the admissions team is required to manually review and approve individual student applications for a large portion of programs, including AA. These manual reviews are not necessary and can be automated. The process of automating the application acceptance process is still in progress. This will expedite the process of students registering for classes and will immediately grant them access to their email and LSSC account(s) post-acceptance. This will have a positive impact on the action items.

ITEM: 0524-14

May 9, 2024

District Board of Trustees for Lake-Sumter State College 9501 U.S. Highway 441 Leesburg, Florida 34474

Re: Board Attorney Report for May 15, 2024

Dear Trustees:

Below is an update on several matters of interest to the Board.

Karen Parker v. Lake-Sumter State College and Leadership Lake County, Inc., Lake County Case No. 2019-CA-001641. Ms. Parker alleges the College was negligent surrounding an alleged incident on August 18, 2016 where Ms. Parker claims she was injured when she tripped and fell while attending an event on the Leesburg campus. Attorney Dylan Hall, who is defending the College advised that discovery is ongoing. Leadership Lake County Inc. filed a Motion to Compel Answers to Expert Interrogatories and Response to Expert Request to Produce because the Plaintiff failed to submit answer. A hearing on the Motion is not currently scheduled.

Notice of Charge of Discrimination; EEOC Charge No. 510-2023-04052 The College received in a letter dated June 27, 2023 notice of former employee's charge of discrimination alleging discrimination based on the ADA and age discrimination under ADEA. Employment counsel, Shannon Kelly of Ford Harrison, has been engaged to defend the College in this matter and filed a position statement with the U.S Equal Employment Opportunity Commission on August 28, 2023. The Claim is still pending before the EEOC; however, the former employee requested a right to sue letter. A right to sue letter will allow the former employee to file a lawsuit in court.

<u>L. Moreno – Demand Letter</u>. A demand letter on behalf of minor, L. Moreno seeks payment of the College's insurance policy limits in exchange for a release. It is alleged that the minor sustained injuries on August 12, 2023 on the grounds South Lake Campus Legends Way Ballfields when "a wild practice pitch" struck the minor requiring emergency surgery. It was submitted to the insurance company.

Notice of Charge of Discrimination; EEOC Charge No. 510-2024-04478. A former employee filed a charge of discrimination with the Florida Commission on Human Resources alleging the College was discriminated against "based upon disability in violation of both the

Americans with Disabilities Act and the Florida Civil Rights Act of 1992." The Notice alleges the former employee has severe allergies, the College knew of this condition and was nevertheless terminated on or about November 1, 2023. Attorney Brian Koji is representing the College in this matter.

If you have any questions, please feel free to call me. I look forward to seeing you at the Board meeting.

Respectfully submitted,

Anita Geraci-Carver

Leesburg Campus Student Services Agenda Item: 0524-18 Building 2nd Floor Remodel Guaranteed Max Price

Background/References

The Leesburg Campus Student Services Building was built in 1986 and has been through a previous remodel removing computer classrooms and other spaces from the 2^{nd} floor and incorporating meeting spaces and other offices. It is now showing its age and it is a less functional space than needed.

The District Board of Trustees has selected WELBRO Building Corporation to be on construction management continuing services for projects up to \$4 million, yet this project exceeds \$195,000 so approval of the District Board of Trustees is requested.

Summary

Spiezle Architects have designed a more usable space that includes a larger Board Room than currently on the 2nd floor as well as offices for Human Resources and staff reporting directly to the President. It will also include a conference room as well as an interview room for job candidates in Human Resources. An ADA single use restroom will be included in proximity to the new Board Room. The LSSC Foundation will have an office suite for their Leesburg staff to all be in one area.

This remodel will be over 10,000 sq. ft. and not include the Vice President or President's offices. The guaranteed maximum price is \$2,660,156 which includes \$60,000 Contractor Contingency and \$40,000 Owner Contingency. The cost per square foot is a little higher (\$256 vs. \$237) than the Cagan Crossings remodel due to the amount of demolition involved and logistics to remove and bring in materials for the 2nd floor of the Student Services Building.

Recommendation

Motion to approve the guaranteed maximum price for the Student Services Building 2^{nd} Floor Remodel on the Leesburg Campus.

Background/References

The Sumter Center has been in need of restrooms, shade, and cold water closer to the CDL driving pad and Line Worker pole farm. Through the years, we have tried to provide shade umbrellas for the CDL group and have been working on a proposal for a pavilion for those programs far away from other buildings, especially in the summer months.

The District Board of Trustees has selected Faden Builders to be on construction management continuing services for projects up to \$4 million, yet this project exceeds \$195,000 so approval of the District Board of Trustees is requested.

Agenda Item: 0524-19

Summary

Faden Builders has worked with RCP Shelters and other subcontractors to design a covered shelter that will have two single use ADA restrooms, drinking fountain, ice machine, and a shaded structure with ceiling fans to support instruction to our Workforce Programs, such as CDL and Line Worker. This 30 ft by 68 ft pavilion will have a 26-gauge metal roof wooden beams and deck columns. It will have a storage area that will house an ice machine and small item storage area.

Faden has submitted a bid of \$581,000 for the concrete foundation, shelter with restrooms, construction of the shelter, and all utilities that would need to be installed from across campus.

Recommendation

Motion to approve the construction of the Sumter Center Pavilion as written.
